

### **WILLIAM McCLOUNIE — ACC Farmers' Financial**

Excelling in team building and the creation of innovative strategic alliances with a long-term vision to improve organizational excellence and purpose. Specialize in new business development and risk management implementation for agricultural products.

- 30 years experience in the grain industry includes being co-founder and Project Manager/Business Manager of Eleview (Agri-eBusiness Group Inc.) in 2000, and launching a national agri-food management consulting group (ACC FARMS) in 2004
- Project Manager lead for numerous farm business and financial management projects on behalf of ACC Farmers' Financial
- Completed a Six Sigma Black Belt certification, which is a rigorous and disciplined methodology that uses data, statistical analysis and project management techniques to measure and improve an organization's operational performance by identifying and eliminating "defects". Large companies like Maple Leaf Foods have fully adopted the Six Sigma philosophy.
- As General Manager of the Ontario Wheat Producers' Marketing Board, designed and launched a price risk management contract program for Ontario wheat producers. Managed the changes in the organization in moving towards a dual marketing system.
- He also served as Secretary of the Ontario Agricultural Commodity Council and as the Ontario representative on the Special Advisory Group on International Trade.
